SPECIFIED CONDITIONS OF CARRIAGE HOUSEHOLD

1 LIABILITY OF THE CARRIER  
The carrier of the goods that are described in this Bill of Lading is liable for any loss of or damage to goods accepted by the carrier or the carrier's agent, except as provided in this Bill of Lading.

2 LIABILITY OF ORIGINATING AND DELIVERING CARRIERS  
If a shipment is accepted for carriage by more than one carrier, the original contracting carrier and the carrier who assumes responsibility for delivery to the consignee (the "delivering carrier") in addition to any other liability under this Bill of Lading, are, if the goods are lost or damaged while they are in the custody of any other carrier to whom the goods are or have been delivered, are jointly and severally liable with that other carrier for that loss or damage.

3 RECOVERY FROM CONNECTING CARRIER  
The original contracting carrier or the delivering carrier, as the case may be, is entitled to recover from any other carrier to whom the goods are or have been delivered the amount of loss or damage that the original contracting carrier or delivering carrier, as the case may be, may be required to pay under this Bill of Lading resulting from any loss of or damage to the goods while they were in the custody of such other carrier.

4 REMEDY BY ORIGINATOR OR CONSIGNEE  
Nothing in Article 2 or 3 deprives a consignor or a consignee of any rights the consignor may have against any carrier.

5 EXCEPTIONS FROM LIABILITY  
The carrier will not be liable for the following:

a) loss, damage or delay to any of the goods described in this Bill of Lading caused by an Act of God, the Queen's or public enemies, riots, strikes, a defect or inherent vice in the goods, the act or default of the consignor, owner or consignee, authority of law, quarantine, delay caused by mechanical breakdown and extreme weather conditions;

b) unless caused by the negligence of the carrier or the carrier's agent or employee:  
(i) damage to fragile articles that are not packed and unpacked by the contracting carrier or by that carrier's agent or employee(s);  
(ii) damage to the mechanical, electronic, software or other operations of radios, stereos, clocks, computers, TVs, VCRs, DVDs, appliances, musical instruments and other equipment, irrespective of who packed or unpacked such articles, unless servicing and preparation was performed by the contracting carrier or by that carrier's agent or employee(s), or there is physical damage to the item caused by the carrier;  
(iii) loss of contents of consignor packed articles, unless the containers used are opened for the carrier's inspection and articles are listed on this Bill of Lading's inventories and receipted for by the carrier;

c) damage to or loss of a complete set or unit when only part of such set is damaged or lost, in which event the carrier is only liable for repair or recovering of the lost or damaged piece or

d) damage to the goods at place or places of pick-up at which the consignor or the consignor's agent is not in attendance and cannot give a receipt for goods picked up;

e) damage to or loss of the goods at place or places of delivery at which the consignee or the consignee's agent is not in attendance and cannot give receipt for goods delivered.  
For the purpose of paragraph (b), the burden of proving absence of negligence is on the carrier.

6 DELAY  
a) At the time of acceptance of the contract, the original contracting carrier must provide the consignor with a date or time period within which delivery is to be made. Failure by the carrier to effect delivery within the time specified on the face of this Bill of Lading renders the carrier liable for reasonable food and lodging expenses incurred by the consignee as shall be determined by and at the sole discretion of the carrier.  
b) Failure by the consignee to accept delivery when tendered within the time specified on this Bill of Lading renders the consignor, the consignee, the owner or authorized agent liable for reasonable storage in transit, handling and redelivery charges incurred by the carrier.

7 ROUTING BY THE CARRIER  
If, because of physical necessity, the carrier forwards the goods by a conveyance that is not a licensed for hire vehicle, the liability of the carrier is the same as though the entire carriage were by licensed for hire vehicle.

8 STOPPAGE IN TRANSIT  
If goods are stopped or held in transit at the request of the party entitled to so request, the goods are held at the risk of that party. The holding of the shipment in the warehouse of the carrier or the carrier's agent, for storage, not to exceed (30) thirty days pending further transportation. Shipments will be subject to additional charges at the point of origin or destination. Shipments requiring storage in excess of (30) thirty days will be considered as a completed shipment and the location of storage will be the final destination. The shipment will then be subject to the rules, rates, regulations and charges of the warehouseperson. The consignor will be responsible for paying the relocation, warehousehandling, and first month storage rate when the shipment arrives at the warehouse. Additional months storage and redelivery charges can be paid later or at the time the service is provided.

9 VALUATION  
Subject to Article 10, the amount of any loss or damage for which the carrier is liable, whether or not the loss or damage results from negligence of the carrier or the carrier's employees or agent is to be computed on the basis of the value of the lost or damaged article(s) at the time and place of shipment (including the freight and other charges if paid and the duty if paid or payable and not refundable) unless a lower value has been represented in writing by the consignor or has been agreed on between the parties to this Bill of Lading, or is determined by the classification or tariff on which the rate is based, in any of which events such lower value is the amount that governs the computation of the maximum liability of the carrier which will not exceed the weight of the item multiplied by the value declared by the shipper.

10 MAXIMUM LIABILITY  
a) The amount of any loss or damage computed under Article 9 must not exceed the greater of  
(i) the value declared by the shipper, or  
(ii) Eight (\$8.00) dollars per pound computed on the total weight of the shipment or item, provided that if the consignor, in writing, releases the shipment to a value of sixty (.60) cents per pound per article or less the amount of any loss or damage computed under Article 9 must not exceed such lower amount.  
b) If paragraph (a) (i) or (ii) applies, additional charges to cover the additional coverage over sixty (.60) cents per pound per article must be paid by the consignor.  
NOTE: In such instance, additional charges to cover the value declared above sixty (.60) cents per pound per article will be paid by the consignee, consignor, owner or authorized agent. The minimum declared value will not be less than eight (\$8.00) dollars per pound. In the event that an item is lost or damaged beyond repair the value you have declared will be used to determine the settlement amount. The weight of the item is multiplied by the value declared to determine the settlement amount.

11 CONSIGNOR'S RISK  
If it is agreed that the goods are carried at the risk of the consignor of the goods, that agreement covers only those risks that are necessarily incidental to transportation and the agreement does not relieve the carrier from liability for any loss or damage or delay that may result from any negligent act or omission of the carrier or the carrier's agents or employees, and the burden of providing absence of negligence is on the carrier.

12 NOTICE OF CLAIM  
a) A carrier is not liable for loss, damage or delay to any goods carried under this Bill of Lading unless notice of the loss, damage or delay setting out particulars of the origin, destination and date of shipment of the goods and the estimated amount claimed in respect of such loss, damage or delay is given in writing to the original contracting carrier or the delivering carrier within 60 days after delivery of the goods, or, in the case of failure to make delivery, within 9 months after the date of shipment.  
b) The final statement of the claim must be filed within 9 months after the date of shipment together with a copy of the freight paid bill.  
c) Either the original contracting carrier or the delivering carrier, as the case may be, must acknowledge receipt of claim within 30 days after receipt of the claim.  
NOTE: Exceptions noted and receipted at the time of delivery do not constitute a notice of claim to the original contracting carrier or delivering carrier. It is the consignee, consignor, owner or authorized agent's responsibility to forward written notice of claim as laid out above.

13 ARTICLES OF EXTRAORDINARY VALUE  
A carrier is not bound to carry any documents, currency, jewellery, antiques, specie or any articles of extraordinary value unless by a special agreement to do so. If such goods are carried without a special agreement and the nature of the goods is not disclosed on the face of this Bill of Lading, the carrier is not liable for any loss or damage, in excess of the maximum liability stipulated in Article 10 of these Conditions of Carriage.

14 FREIGHT CHARGES  
a) If required by the carrier, the freight and all other lawful charges accruing on the goods must be paid before delivery, provided that, if the total actual charges exceed by more than 10% the total estimated charges, the consignee must be allowed 15 days after the day on which the goods are delivered (excluding Saturdays, Sundays and holidays) to pay the amount by which the total actual charges exceed 110% of the total estimated charges.  
b) The 15 days extension provided in paragraph (a) does not apply if the carrier notified the consignor of the total actual charges immediately after the goods are loaded and weighed, or if the carrier receives a waiver of the extension provision signed by the consignor.  
c) Should the consignor fail to indicate on this bill of lading that a shipment is to be transported prepaid, or should the consignor fail to indicate the basis on which the shipment is to be transported, the carrier is entitled to transport the shipment on a freight collect basis. The freight must be paid for by cash, money order, bank draft, Visa or MasterCard to Great Canadian Van Lines Ltd. unless other credit arrangements are approved prior to loading.

DANGEROUS GOODS  
Every person, whether as principal or agent, shipping explosives or dangerous goods without previous full disclosure to the carrier as required by law, must indemnify the carrier against all loss, damage or delay caused by those explosives or dangerous goods, and such goods may be warehoused at the consignor's risk and expense. Any liquids, powders, dyes, and other substances that can leak, spill or seep into the shipment or that of others creating loss or damage can render the party responsible for all costs associated with said loss or damage. The carrier will not accept articles which cannot be taken into or out of premises without causing damage to the article or premise unless the consignor, consignee, owner or authorized agent assumes liability in writing.

UNDELIVERED GOODS  
a) If, through no fault of the carrier, the goods cannot be delivered, the carrier must immediately give notice to the consignor and consignee that delivery has not been made, and must request disposal instructions.  
b) Pending receipt of such disposal instructions,  
(i) the goods may be stored in the warehouse of the carrier, subject to a reasonable charge for storage, or  
(ii) provided that the carrier has notified the consignor of the carrier's intention, the goods may be moved to, and stored in, a public or licensed warehouse, at the expense of the consignor, without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

ALTERATIONS  
Subject to Article 18, any additional limitation on the carrier's liability on this Bill of Lading, and any alteration or addition or erasure on this Bill of Lading, must be signed or initialed by the consignor or the consignor's agent and the original contracting carrier or that carrier's agent and unless so acknowledged is without effect and this Bill of Lading is enforceable according to its original tenor.

WEIGHTS  
It is the responsibility of the original contracting carrier or that carrier's agent to show the correct tare, gross and net weights on this Bill of Lading by use of a certified public scale, and attach the weigh scale ticket to this Bill of Lading. If certified public scales are not available at origin or at any point within a radius of 25 miles of that point, a constructive weight based on 7 pounds per cubic foot of properly loaded van space must be used. Notwithstanding Article 17, failure to do this makes the Bill of Lading subject to correction in this respect by the carrier.

IMPRACTICAL OPERATION  
a) The carrier will not be obligated to perform pick up or delivery or render any service at a place or places from or to which it is impractical to do so because of the structure of the building, private or public roadways, inadequate loading or unloading facilities. Any additional charges or costs resulting from such service will be at the expense of the consignee, consignor, owner or authorized agent.  
b) In the event of any riot, strike, picketing or other labour disturbances, the carrier will not be obligated to provide a services unless the consignee, consignor, owner or authorized agent of the shipment assumes liability for loss of, damage to, or delay of the shipment and the carrier's equipment in writing.  
This contract shall be governed by and construed in accordance with the laws of the Province of British Columbia, Canada, any dispute shall be determined by and the parties agree to submit any such dispute to the Courts of the Province of British Columbia having jurisdiction.
